

Catalog Number: 104948

## General Information

### Product name:

Anti-TIGIT/VSTM3 antibody

### Immunogen:

[Mouse TIGIT/VSTM3 \(His Tag\) recombinant protein](#)

### Applications:

ELISA, IHC-P

### Specificity:

Mouse TIGIT / VSTM3

### Antibody description:

Rabbit polyclonal to TIGIT/VSTM3

## Properties

### Preparation:

Produced in rabbits immunized with purified, recombinant Mouse TIGIT / VSTM3 (rM TIGIT / VSTM3; NP\_001139797.1; Met1-Gly141). TIGIT / VSTM3 specific IgG was purified by Mouse TIGIT / VSTM3 affinity chromatography.

### Formulation:

0.2 µm filtered solution in PBS with 5% trehalose

### Storage:

This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C.

Preservative-Free.

Sodium azide is recommended to avoid contamination (final concentration 0.05%-0.1%). It is toxic to cells and should be disposed of properly. Avoid repeated freeze-thaw cycles.

### Clonality:

Polyclonal

**Ig Type:**Rabbit IgG

## Applications

ELISA: 0.1-0.2 µg/mL

This antibody can be used at 0.1-0.2 µg/mL with the appropriate secondary reagents to detect Mouse TIGIT / VSTM3. The detection limit for Mouse TIGIT / VSTM3 is < 0.039 ng/well.

IHC-P: 0.1-2 µg/ml

## Validations

TIGIT / VSTM3 Antibody, Rabbit PAb, Antigen Affinity Purified, Immunohistochemistry

Immunochemical staining of mouse TIGIT in mouse spleen with rabbit polyclonal antibody (0.8 µg/mL, formalin-fixed paraffin embedded sections).
